# About Trading Mentorship Program

Multi-asset Trading Mentorship Program (TMP) is India's first structured stock market trading program curated by the Top 5 Stock Market Experts with a combined experience of 75+ years in trading, training, and building a community of Independent Traders.

These experts have excelled in their niche & will guide you to understand what type of asset class you want to trade in & what type of trader you intend to become.

**5 Leading Stock  
Market Mentors**

**1:1 Counselling  
Session**

**Live Trading  
Session**

**1 year Community  
Support**

 **3000+** Learners

 **35+** Batches

 **4.8** Course Rating

# Why should you choose TMP?

Green Line indicates S&P GSCI | Blue Line indicates Nifty 50 | Orange Line indicates USDINR

**This chart shows the movement of equity, currency & commodity market.**

***A little bit confusing! Isn't it?***

Yes, but if you try to understand that there are seasons when the market has high momentum & trending moves, but also there are times when the market is flat or is complete range bound.

And with this in mind, we designed our mentorship program where we empower you to trade and develop discipline & patience under any given market scenario that intends to build the right mindset to analyse the market and Become an All-Seasons Trader.

# How is TMP different from other Mentorship Programs?

Having trained over **3000+** Independent Traders in this program, we are sure that the tools & techniques designed will help you emerge as a confident trader.

## ✓ **Get 360-degree Overview**

In this program, attendees will gain experiential learning in Equity, Options, Commodity & Currency markets from 5 leading stock market experts with a combined experience of 75+ years in trading, training, and building a community of Independent Traders. They will help to develop your core area and emerge as an Independent, Confident & especially All-Season Trader.

## ✓ **6+6 Program**

In the first 6 months, each of the mentors will train the learners to trade in their respective areas. And over the next 6 months, you get additional hand-holding over the community to practice trading & resolve your queries under expert guidance.

## ✓ **1:1 Counselling Session**

Throughout the program, learners will get a chance to have 30 minutes one-to-one Counseling sessions with 3 different mentors. Learners will avail of this advantage between the 4th to 12th month of their program.

## ✓ **Become an All-Season Trader**

In this program, we empower you to trade and develop discipline & patience, under any given market scenario. And it intends to build the right mindset to analyze the market and Become an All-Seasons Trader.

# What do our mentees have to say?

TMP is an excellent program. All mentors are highly knowledgeable and share their unique perspective during the sessions. Guidance and feedback provided in TMP community, discussion groups is very helpful.

- **Swadhin Bhide**

I joined the TMP as a beginner, wanting to make sense of the stock market and overcome self-doubt. The course helped me leapfrog years of struggle in understanding complex topics like Options and managing risk. The mentors' involvement and their market-proven expertise made the course exceptional. They instilled confidence in me and made me believe I can succeed. The video content required multiple viewings, but the mentors' question-and-answer sessions were immensely helpful. The support from analysts helped me identify my mistakes and create personalized trading plan. If you're serious about trading and have patience and commitment, this course is the real deal.

- **Sathyanath Nair**

I get more than I was expecting from TMP. I can feel the market after joining the program. All mentors are very knowledgeable, hard-working, and very energetic. Thankyou Vivek sir and the whole team.

- **Shiv Bijai Singh**
